Borneo Cassava Nusantara

BORNEO CASSAVA NUSANTARA

CATALOGUE 2025

PT Borneo Cassava Nusantara is a manufacturer and exporter of premium frozen cassava from Sungai Tabuk, South Kalimantan Indonesia. We work hand-in-hand with local farmers to ensure consistent supply, empower communities, and promote sustainable agriculture. With strong commitment to quality and food safety, we deliver reliable cassava products that meet international standards for global markets.

Our Vision:

To be a trusted partner in exporting competitive Indonesian agricultural products.

Our Mission:

- To provide high-quality frozen cassava with consistent standards.
- To support local farmers' welfare through sustainable partnerships.
- To apply international food safety standards in every production process.
- To offer efficient, reliable, and customer-focused export solutions.

At Borneo Cassava Nusantara, we believe success comes from collaboration creating growth and long-term value for farmers, partners, and international stakeholders.

Nusantara

Premium Crystal Cassava

Our Frozen Crystal Cassava is processed from freshly harvested "Kristal" variety cassava, a premium type well-known in Indonesia, especially in South Kalimantan. This variety is valued for its soft texture and natural savory taste, making it ideal for both household consumption and industrial use.

Processed hygienically: peeled – washed – blanched – cut – quick frozen (Packed / Block Freezing)

Key Advantages:

- ✓ 100% natural, no preservatives
- ✓ Long shelf life (6–12 months)
- ✓ Fresh taste & texture preserved
- ✓ Suitable for retail and food industry

Specifications :

- Variety: Kristal
- Form: Whole (15-25 cm) / Short Cut (6-10 cm)
- Packaging: Food-grade PE/PP plastic bag / 1 kg
- Storage Temperature: -18°C
- Origin: South Kalimantan, Indonesia
