ABOUT US

PT Borneo Cassava Nusantara is an Indonesian manufacturer and exporter of premium cassava products and tropical spices based in South Kalimantan, Indonesia. We specialize in Frozen Cassava, Fresh Elephant Ginger, and Fresh Turmeric, supplying high-quality products to international markets.

Working closely with local farmers, we ensure a sustainable supply of carefully selected raw materials while supporting responsible agricultural practices. Every product is processed under strict quality control and hygienic standards to deliver consistent quality, food safety, and customer satisfaction.

Driven by a commitment to excellence, PT Borneo Cassava Nusantara is dedicated to building long-term partnerships by providing reliable products, competitive solutions, and professional export services to customers worldwide.

WHY CHOOSE US

Sustainably Sourced from Local Farmers

We work directly with trusted local farmers to ensure a sustainable supply of carefully selected, high-quality agricultural products.

Empowering Local Women

Our production activities provide employment opportunities for local women, promoting economic independence, inclusive growth, and stronger community development.

Strict Quality Assurance

Every product undergoes rigorous quality control to meet international standards for safety, consistency, and customer satisfaction.

Customized Export Packaging

We provide flexible and export-ready packaging solutions tailored to meet customer requirements and international shipping standards.

Reliable Global Logistics

Supported by efficient logistics and export handling, we ensure timely and secure delivery to customers worldwide.

Trusted Long-Term Partnership

We are committed to building lasting business relationships through integrity, reliability, responsive communication, and professional service.
